## WellnessAlchemy Creed:

We believe that each one of us had a part in the creation of our body. That available to each of us as spirit is the intuitive knowledge to heal our body when we open that door. We believe that disease and physical challenges are a pathway to learn and grow as spirit, and that fear and ignorance need not keep us from the blessings we find as we heal ourselves. As Jesus said, "What I have done you can do also." As immortal souls we are all part of the Supreme Being, and that is the part of us we remember when we create healing miracles.
